FATIMA SHAIKH

QA Automation Engineer | Pune, India

fatima.shaikh@example.com | +91 90000 90123 | github.com/fatima-shaikh-example

SUMMARY

QA engineer with three years of automating web and API tests and keeping release pipelines green.

EXPERIENCE

QA Automation Engineer, Orbitline Travel, Pune (Feb 2024 - Present)

- Built a Playwright and Python test suite of 600 end-to-end tests that runs on every pull request
- Automated REST API testing with pytest and Postman collections
- Added the suites to Jenkins CI/CD; release regressions fell by half

Software Test Engineer, Quillsoft Technologies, Pune (Jul 2022 - Jan 2024)

- Wrote Selenium tests in Java for the billing portal
- Ran load tests with JMeter before each major release

EDUCATION

B.E. Electronics and Telecommunication, Western Institute of Technology, Pune, 2018 - 2022

SKILLS

Playwright, Selenium, Python, Java, pytest, API testing, Postman, Jenkins, JMeter, Git, basic network concepts
