MEERA NAIR

Data Engineer | Kochi, India (open to remote)

meera.nair@example.com | +91 90000 56789 | linkedin.com/in/meera-nair-example

SUMMARY

Data engineer with four years of building batch and streaming pipelines for analytics teams.

EXPERIENCE

Data Engineer, Tidewater Commerce, Kochi (Jan 2023 - Present)

- Built Apache Spark jobs that process 3 TB of order events a day
- Orchestrate 120 Airflow DAGs; reduced failed runs by 60% with retries and data checks
- Introduced dbt models for the finance mart and documented every table
- Stream clickstream data through Kafka into the warehouse with under 5 minutes of delay

Associate Data Engineer, Harborline Insurance, Kochi (Jun 2021 - Dec 2022)

- Wrote Python and SQL ETL from policy systems into PostgreSQL and BigQuery
- Built internal REST endpoints in Flask to expose data quality reports
